PROFESSIONAL SUMMARY

Flutter Developer with 1+ year of experience building scalable, high-performance mobile applications using Flutter and Dart. Experienced in clean architecture, state management (GetX, Provider, Riverpod), REST API integrations, and CI/CD automation. Proven ability to deliver production-ready apps with secure payment integrations, real-time systems, and optimized performance. Experienced in publishing apps to Google Play and collaborating with cross-functional teams.

TECHNICAL SKILLS

Languages & Frameworks: Flutter, Dart, Android, iOS
State Management: GetX, Provider, Riverpod
Architecture: Clean Architecture, MVC
Database & APIs: Firestore, REST APIs, Swagger, Postman
Integrations: Branch.io, OneSignal, Google Maps, Payment Gateways, Firebase.
CI/CD & Deployment: App Store Connect, Google Play Console
Tools: Git, GitHub, Android Studio, VS Code, Cursor AI, Antigravity AI

PROFESSIONAL EXPERIENCE

Junior Flutter Developer

Corevant Platforms Pvt. Ltd. – Thodupuzha, Idukki

Aug 2025 – Mar 2026

- Developed and published **Vitara Gold**, a Gold SIP investment app on Google Play.
App Link: play.google.com/store/apps/details?id=platform.corevant.vitara_gold
- Integrated secure REST APIs with crypto encryption and decryption, AI features, socket communication, push notifications via OneSignal, and PhonePe payments for secure, seamless user engagement.
- Maintained clean, modular code architecture (MVC, Clean), reducing code duplication and speeding up development.
- Managed development, UAT, and production environments, optimizing app performance across all stages.
- Deployed apps to Play Store and App Store with 100% approval on every release.

Flutter Developer Intern

Rootments Enterprises LLP – Edapally, Ernakulam

Dec 2024 – Apr 2025

- Developed and published **Rootments Learn** app on Google Play.
App Link: play.google.com/store/apps/details?id=com.rootments.rootments_sales
- Developed a wedding dress rental management system with inventory and booking modules.
- Implemented tag-number search functionality to verify dress availability by date.
- Integrated Flutter frontend using REST APIs.
- Collaborated with UI/UX designers to improve application usability and performance.

PROJECT HIGHLIGHT

Service Booking Application

- Developed a role-based service booking platform with Admin, User, and Worker dashboards.
- Implemented Firebase Authentication and Firestore for secure user management.
- Migrated image storage to Cloudinary for scalable media management.

EDUCATION

Bachelor of Computer Applications (BCA)

Jawaharlal Nehru Institute of Arts and Science
(Mahatma Gandhi University)

Nov 2021 – Mar 2025

Flutter Development Training

Luminar Technolab, Kochi

Jun 2024 – Nov 2024

SOFT SKILLS

- Strong problem-solving and debugging skills
- Leadership and ownership in project development
- Effective communication and presentation skills
- Self-learning and adaptability to new technologies
- Team collaboration in cross-functional environments
- Prioritization and time management under deadlines
